# MoliCare® Premium lady Pad

Anatomically shaped pads

For very slight to moderate bladder weakness

## Aloe Vera

Soft topsheet treated with Aloe Vera\*

## Odour neutraliser

Neutralises unpleasant odours, for enhanced well-being/discretion

## Soft

Breathable textile like backsheet and soft topsheet

## Hypoallergenic and dermatologically tested

The materials used have an extremely low potential to trigger allergic reactions

## Active skin protection

Skin friendly due to pH value of 5.5. Inner absorbent core soaks up the liquid quickly, directs it safely inward and leaves the skin feeling dry

Anatomically shaped pads providing secure protection while maintaining healthy skin.

- Discreet wearing comfort with breathable textile like backsheet, **soft topsheet and odour neutraliser**.
- With **wide adhesive stripe** for secure and comfortable fixation in regular underwear.
- Skin-friendly because of soft and breathable materials.  
**The soft top sheet is treated with Aloe Vera\*.**
- Skin-friendly due to antibacterial character and pH buffering effect which helps to **maintain a skin-neutral pH value of 5.5.**
- **All-round protection** is provided by **fast absorption, anti-leakage system\*\*** with soft foam elastics and quick dry system.
- **Dermatologically tested.**

\*Except MoliCare® Premium lady pad 0,5 drops. \*\*Except MoliCare® Premium lady pad 0,5, 1 and 1.5 drops.

# MoliCare® Premium lady Pants

Anatomically shaped pants

For moderate bladder weakness

## Aloe Vera

Soft topsheet treated with Aloe Vera

## Skin friendly

Soft, breathable material for healthy skin

## Discreet underwear-feeling

With lower waistline, fits and feels like regular underwear

## All-round protection

Provided by fast absorption, anti-leakage system and odour neutraliser

## Dermatologically tested

## Active skin protection

Skin friendly due to pH value of 5.5. Inner absorbent core soaks up the liquid quickly, directs it safely inward and leaves the skin feeling dry

Anatomically shaped pants providing secure protection while maintaining healthy skin.

- Discreet wearing comfort, fits and **feels like regular underwear due to the lower waistline and odour neutralizer.**
- Skin friendly because of soft and breathable materials.  
**The soft top sheet is treated with Aloe Vera.**
- Skin friendly due to antibacterial character and pH buffering effect which helps to **maintain a skin-neutral pH value of 5.5.**
- **All-round protection** is provided by **fast absorption, anti-leakage system** with lower waistline and quick dry system.
- **Dermatologically tested.**

# MoliCare® Premium MEN Pad

Anatomically shaped pads and pouch

For very slight to moderate bladder weakness

ANATOMICAL FIT  
all-round  
protection

## Anatomical fit - All-round protection

- **Dermatologically tested**.

\*Except MoliCare® Premium MEN pad 3 drops. \*\*Except MoliCare® Premium MEN pad 2 drops.

# MoliCare® Premium MEN Pants

Anatomically shaped pants

For moderate bladder weakness

## Anatomical fit

Feels like regular underwear due to the lower waistline

## Discreet & easy

With lower waistline and grey tint, fits and feels like regular underwear

## All-round protection

Provided by fast absorption, anti-leakage system and odour neutraliser

## Dermatologically tested

## Active skin protection

Skin friendly due to pH value of 5.5. Inner absorbent core soaks up the liquid quickly, directs it safely inward and leaves the skin feeling dry

Anatomically shaped pants providing secure protection while maintaining healthy skin.

- Discreet and easy usage, fits and **feels like regular underwear due to the lower waistline, grey tint and odour neutraliser.**
- **Front shifted absorbent core** for extra protection where men need it most.
- Skin friendly because of soft and breathable materials.
- Skin friendly due to antibacterial character and pH buffering effect which helps to **maintain a skin-neutral pH value of 5.5.**
- **All-round protection** is provided by **fast absorption, anti-leakage system** with lower waistline and quick dry system.
- **Dermatologically tested.**

# MoliCare® Premium Mobile

DISCREET & COMFORTABLE

## Discreet & comfortable

Ensures a better adaptation to the body's shape and movements, for better comfort for the patient

## Active skin protection

Skin-friendly, pH 5.5 ensures maximum skin compatibility. Keeps skin dry with a 3-layer absorbent core and advanced dry technology. Neutralises unpleasant odours, for enhanced well-being

## Dermatologically tested

Dermatologically tested and pH 5.5 skin-neutral to maintain healthy skin

## Underwear feel

Underwear-feel through anatomical shape, soft material and lycras for a comfortable fit

## Quick dry system

Absorbent core holds liquids quickly for a dry feeling

## Anti-leakage system

Maximum leakage protection based on high quality materials and two-part cuff system

Pants provide secure protection while maintaining healthy skin.

- MoliCare® Premium Mobile pants **look and feel like regular underwear** through anatomical shape, soft material and elastics for a **comfortable fit and discreetness**.
- The absorbent core **neutralises odour and holds liquids quickly** for a dry feeling.
- **Maximum leakage protection** is secured based on high-quality materials and the **cuff system**.
- **Tear-open side seams** assure a convenient removal.
- **Color of elastics indicate absorbency and size**. They are always placed at the front.

# MoliCare® Premium Mobile

Secure, discreet & comfortable pants

**For slight to very severe bladder weakness**

## A wide range that adapts to all degrees of incontinence

Molicare® Premium Mobile can be easily pulled on and off. Their ease of use enables active patients to continue with their normal life and makes them a good option for use in toilet training. It is ideal for all degrees of urinary and faecal incontinence and is suitable for both mobile and bedridden as well as dement persons.

### **For moderate incontinence**

MoliCare® Premium Mobile 6 Drops is the secure option for use in cases of moderate urinary incontinence. The disposable pants are available in five sizes.

### **For severe incontinence**

MoliCare® Premium Mobile 8 Drops are the absorbent disposable pants that meet the highest demands when experiencing severe urinary incontinence.

### **For very severe inconti- nence**

MoliCare® Premium Mobile 10 Drops for cases of very severe urinary incontinence. Like all mobile pants, they can be worn like normal underwear and are particularly suitable for use at night.

# MoliCare® Premium Fixpants

Unisex fixation pants for anatomically shaped large pads

**For secure fitting of anatomically shaped large pads**

## Secure fixation

Ensure a safe and hygienic fixation of anatomically shaped large incontinence pads

## Washable

Washable up to 50 times at 60°C in a laundry net and can be tumble dried at low heat

## Active skin protection

Skin friendly due to high quality air active material with an extremely low potential to trigger allergic reactions

## Underwear like\*

Ideal body fit with cross-elasticised threads and extra long leg joints to ensure high wearing comfort

Unisex fixation pants to ensure a safe and hygienic fixation of large incontinence pads.

- **Guarantee a secure fixation for persons wearing the two-piece system.**
- The dense structure of the material makes MoliCare® Premium Fixpants particularly **resistant to ladders with the wetness indicator still being visible.**
- The soft cuffs, the skin friendly, air active material and the cross-elasticised threads **ensure high wearing comfort.**
- **The colour coding of the size** on the waistband facilitate the daily work of the caregiver.

# Slips

Slips

---

MoliCare® Premium Elastic

# MoliCare® Premium Elastic

## Re-closable tapes

2 re-closable tapes (one for each side) for easy handling and perfect closing results

## Ergonomic use

Approximatively 20% faster application as well as an easier and more ergonomic handling for caregivers<sup>(1)</sup>

## Adjusted fit & Elasticated side panels

Elasticated side panels in the hip area ensure better adaptation to the body's shape and movement, delivering improved comfort for the patient

All-in-one incontinence slip with 2 elasticated side panels providing secure protection while maintaining healthy skin.

- Comfortable, adjusted fit and ergonomic handling due to the **2 elasticated side panels and re-closable tapes**.
- Skin friendly because of soft and breathable materials.
- Skin friendly due to antibacterial character and pH buffering effect which helps to **maintain a skin-neutral pH value of 5.5**.
- **All-round protection** is provided by **fast absorption, anti-leakage system** and **quick dry system**.
- **Hypoallergenic and dermatologically tested**.
- **Wetness indicator on the backsheet** shows when it is time to change.

## Active skin protection

Skin-friendly, pH 5.5 ensures maximum skin compatibility. Keeps skin dry with a 3-layer absorbent core and advanced dry technology

## Hypoallergenic and dermatologically tested

The materials used have extremely low potential to trigger allergic reactions

## Odour neutraliser

Neutralises unpleasant odours, for enhanced well-being

## Anti-leakage system

Ensures greater leakage protection for more security

<sup>(1)</sup>The reduction from 4 to 2 tapes (one for each side) combined with no side panels in the front, simplifies the application, by reducing the application steps from 8 to 4 compared to a traditional slip with 4 side panels and 4 tapes. Additionally, due to the elasticated side panels, there is no need of readjusting the tapes.

# MoliCare® Premium Elastic

All-in-one incontinence slip with 2 elasticated side panels

**For moderate to severe cases of incontinence**

## Better care made easy

### Comfortable to wear

Thanks to the elasticated side panels and the re-closable tapes, MoliCare® Premium Elastic suits and adapts to all body shapes and movements.

### Self-explanatory and secure application

2 side panels and 2 re-closable tapes for easy handling and perfect closing results. Application in only 4 steps<sup>(1)</sup>.

MoliCare® Premium Elastic is a product range of disposable all-in-one incontinence slips that meet customer's high demands in terms of urinary and faecal incontinence. Benefits include:

- **optimal protection and wearing comfort** for active persons and patients confined to bed.
- **faster and easier application combined with ergonomic handling** for caregivers to reduce body stress.

### For cases of moderate to very severe incontinence (5 - 10 Drops)

The MoliCare® Premium Elastic range is the secure option for use in cases of moderate to severe urinary and faecal incontinence.

The products offer optimal protection and comfort for active persons or patients confined to bed and are particularly suitable for use at night.

(1) The reduction from 4 to 2 tapes (one for each side) combined with no side panels in the front, simplifies the application, by reducing the application steps from 8 to 4 compared to a traditional slip with 4 side panels and 4 tapes. Additionally, due to the elasticated side panels, there is no need of readjusting the tapes.

# MoliCare® Skin

CLEAN

CARE

PROTECT

MoliCare® Skin is a complete cleanse, protect and care solution for compromised and mature skin. The range complements absorbent incontinence products to prevent skin irritations.

- pH skin-neutral clean, care and protection products with a **pH value of 5.5<sup>(3)</sup>**.
- Highest quality of ingredients with **Nutriskin Protection Complex<sup>(4)</sup>**.
- **Odour neutraliser<sup>(5)</sup>**.
- **No clogging** of absorbent incontinence products<sup>(6)</sup>.
- **Convenient handling** due to user-friendly packaging design.

## Nutriskin Protection Complex

A composition of rich ingredients with amino acids, sweet almond oil, essential unsaturated fatty acids and creatine which strengthen the barrier function of the skin

## Skin balanced

pH skin-neutral products that are moisturising and nourishing to strengthen and protect the skin effectively

## Dermatologically tested

(3) Except body lotion, care oil, hand cream, protection foam, protection oil, zinc oxide cream

(4) Only in body lotion, barrier cream, protection foam, zinc oxide cream

(5) Except moist skin care tissues, impregnated wash gloves, massage gel and protection foam

(6) Only for barrier cream

# MoliCare® Skin CLEAN

For skin stressed by incontinence

An effective and gentle cleansing formula.

MoliCare® Skin cleansing products are pH 5.5 skin-neutral **while respecting the natural protective barrier of the skin.**

Care bath, wash lotion and shampoo are used with water. Wash gloves, moist skin care tissues and cleansing foam are water-free applications.

MoliCare® Skin's water-free application cleansing products retain the skin's natural acid protection mantle.

## MoliCare® Skin CLEAN

### Cleansing with water

#### Care bath

For gentle cleansing of sensitive skin, pH skin-neutral.

#### Wash lotion

For mild cleansing of sensitive skin. Contains nourishing panthenol and almond oil. Odour-neutralising, pH skin-neutral.

#### Shampoo

Gentle cleansing for hair and dry, sensitive scalps, pH skin-neutral.

### Cleansing without water

#### Impregnated wash gloves

Nourishing and moisturising with Aloe Vera and panthenol. Quick and gentle all-over body cleansing for those confined to bed. Dermatologically tested for skin tolerance, pH skin-neutral, alcohol free. Can be used either warmed or cooled.

#### Moist skin care tissues

Convenient and time-saving cleansing for incontinence care, impregnated with cleansing lotion. Dermatologically tested, suitable for sensitive skin. Free of allergens. pH skin-neutral, mild, alcohol-free formula.

#### Cleansing foam

For quick, gentle cleansing of the genital and perineal area, for faecal incontinence. Odour-neutralising with pleasant scent, pH skin-neutral, contains creatine to stimulate the skin's own barrier function.

MoliCare® Premium Bed Mat

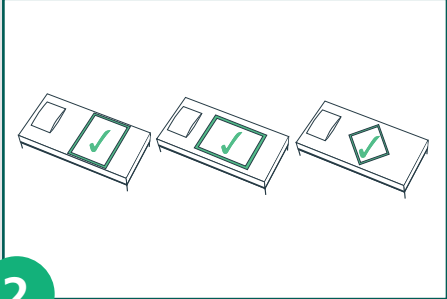

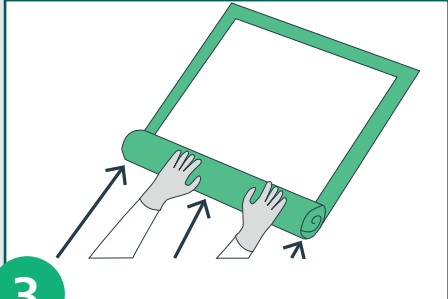

# MoliCare<sup>®</sup> Premium Bed Mat

## 4-step application guide for mobile persons

- 

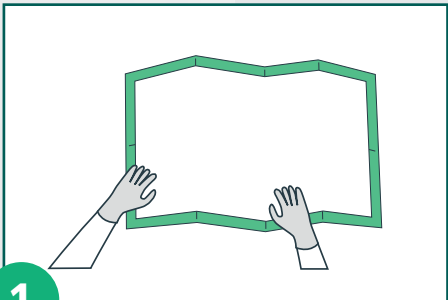

**1** Unfold the bed mat completely. Place foiled side facing the mattress, chair, wheelchair or other surface.
- 

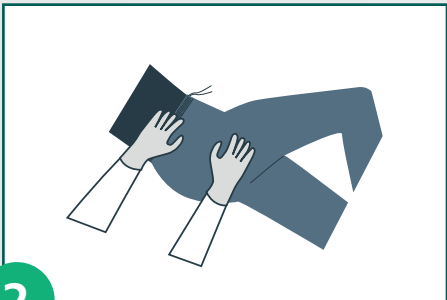

**2** Position product lengthwise, crosswise or square bed mats diagonally as required.
- 

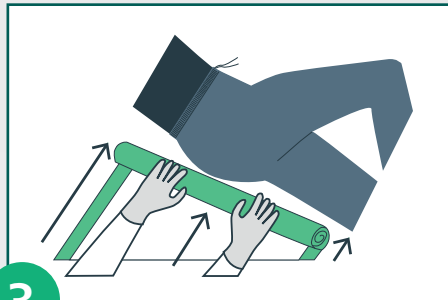

**3** To remove the bed mat, roll or fold it inwards.
- 

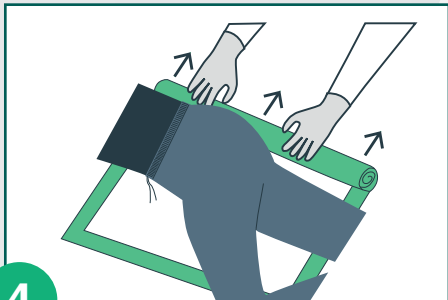

**4** Dispose of the soiled bed mat in a suitable rubbish bin.

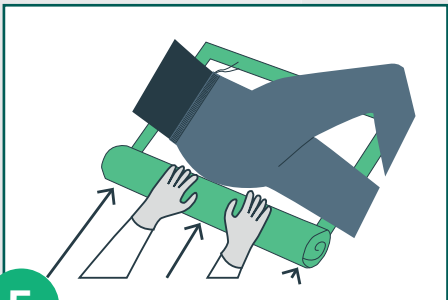

## 8-step application guide for bedbound persons

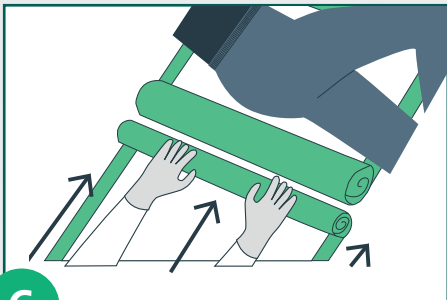

- 

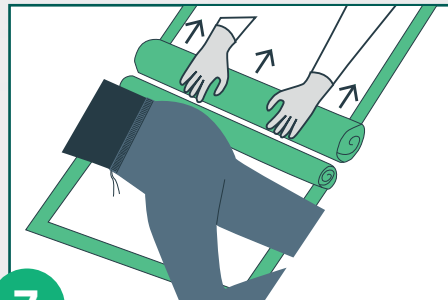

**1** Unfold the bed mat completely.
- 

**2** Securely turn person into recovery position.
- 

**3** Place bed mat with foiled side facing the mattress, parallel to the person with one third of the bed mat rolled in next to the buttocks.
- 

**4** Turn person over their back onto their other side, then uncoil the remaining third and return person into back position.
- 

**5** To remove the bed mat, securely turn person into recovery position. Roll up used bed mat towards the centre of the bed to the back of the person.
- 

**6** Place new bed mat mirrored – with the rolled-in side towards the person – next to the used one.
- 

**7** Turn person over their back onto their other side. Remove used bed mat by rolling it further inwards. Roll out replacement bed mat and return person into back position.
- 

**8** Dispose of the soiled bed mat in a suitable rubbish bin.
