## DUO CONTROL

Stays precise even  
if the heartbeat  
doesn't

**NEW**

- For customers who have to measure regularly and suffer from cardiac arrhythmias
- Measures correctly even in the case of arrhythmias
- Exclusively with patented DUO SENSOR technology that combines Korotkoff microphone measurement and Oscillometric measurement

Combines  
2 measurement methods

**DUO SENSOR technology**

Specifically for patients  
with heart rhythm disorders

### Additional functions:

- ✓ Facilitates correct measurements thanks to the Secure fit patented cuff (available in the sizes M and L), control of correct cuff position and rest indicator
- ✓ Display of irregular ambient temperatures
- ✓ Large illuminated display
- ✓ Incl. USB cable for data transfer to medi.connect
